

## Tango Car Bicycle

The Tango is a lifestyle product that fits the modern life. Fast and manoeuvrable in the city, clean and striking at home and in the office. Comfortable because of the front and rear elastomer suspension. The Tango is the added mobility for individual and public transport. The product has a soft touch finish and thus it is friendly to clothing and the car interior. With Tango dirty chains, broken spokes and loose lighting cables belong to the past. The reliable 4-speed hub provides the right comfort for every route. With Tango car bicycle inner cities become accessible again.
